## **SR 390 Section D50 Bridge Replacement Project in Pike County**

**Dunmore, PA** - The Pennsylvania Department of Transportation (PennDOT), invites the public to a live virtual public meeting and virtual plans display regarding the SR 390, Section D50, Culvert Replacement Project in Greene and Palmyra Townships, Pike County. The plans display will be held online and in-person for public viewing at the Promised Land State Park Office.

The SR 390 Section D50 Bridge Replacement project over an unnamed tributary to Lower Lake is located entirely within the Promised Land State Park, immediately downstream of the Promised Land Lake Dam. The project site is approximately 3.3 miles south of the SR 390 interchange with I-84.

The purpose of this project is to provide a sustainable crossing for SR 390 (Promised Land Road) over the unnamed tributary to Lower Lake. The project will consist of the replacement of the existing structure over the unnamed tributary to Lower Lake, roadway reconstruction, guide rail replacement, embankment stabilization, signing, and pavement marking upgrades. The proposed structure will be widened to accommodate two 12 foot lanes with 8 feet shoulders per design standards.

Traffic will be maintained through the project area with a signalized single-lane temporary roadway and bridge upstream of the existing structure. A temporary bridge will be installed to carry the temporary road over the unnamed tributary to Lower Lake.

The project is expected to be let in Winter 2023 and construction is expected to begin in Spring 2024. It is anticipated to take two construction seasons.

The purpose of the meeting and plans display is to introduce the project and solicit questions or concerns related to the proposed project, as well as receive public input regarding how the proposed project impacts the activities, features, and attributes of Section 4(f) properties. It is also an opportunity for the public to review and comment on the project's potential effect on Cultural Resources pursuant to the Advisory Council on Historic Preservation's 36 CFR Part 800 regulations implementing Section 106 of the National Historic Preservation Act.

A live Virtual Public Meeting will be held on Thursday, May 11, 2023, at 6:00 PM. If you would like to receive the virtual meeting log-on information, please contact the PennDOT Project Manager, Kelley Sartori, P.E., PennDOT Project Manager at [c-kesartor@pa.gov](mailto:c-kesartor@pa.gov) or 570.335.9244.

The virtual public plans display will be available from April 27, 2023, to May 25, 2023. Online information, including detailed project information, and comment form, can be found by visiting

the following PennDOT District 4-0 website: [www.penndot.gov/district4](http://www.penndot.gov/district4) , click on “Public Meetings”, then the Pike County box, then chose the tile marked “SR 390 Section D50 Bridge Replacement Project, Pike County”.

Additionally, a Plans Display will be available for the public to view in person at Promised Land State Park Office, 100 Lower Lake Road, Greentown, PA 18426-9735 during the hours 8:00 AM to 4:00 PM daily from April 27, 2023, to May 25, 2023.

The project documents will be made available in alternative languages or formats if requested. If you need translation/interpretation services or have special needs or have special concerns that require individual attention, contact Kelley Sartori, P.E., PennDOT Project Manager at [c-kesartor@pa.gov](mailto:c-kesartor@pa.gov) or 570.335.9244.
